Welcome to magic world, welcome to mag

With this catalogue we are pleased to introduce one of Europe's most significant Christmas decoration producers: mag in its new shape and character.

The company was founded in 1994 but the efforts from 2017 and 2018 were milestones in mag's history. At the time mag went through meaningful transition – from the ownership structure, the legal form to managing partners changes, which have given mag strength and a new life.

Grown in size over the last years and enhanced through changes, Mag is still a family business, owned by the families of Jerzy Jasiński (company founder) and Michał Kubiak (volleyball world champion), and a family matter at heart.

Visit our website: **www.mag.info**

Let us surprise you with new, fresh magic Christmas stories – we hope they give you a lot of joy and an impression about mag production abilities.

Enjoy!
